

**Haítzaqv Clean Energy Plan:  
Online Community Engagement for First Nations Communities**

**Poll Results**

# What have been your biggest challenges meaningfully engaging with Indigenous government(s)?

# If you work for a local government does your team have a dedicated liaison to the local Indigenous government(s) on staff?

# What successes have you been involved with or been inspired by between local governments and Indigenous governments?

Forum of Councils in CRD region. Learning SENCOTEN. Including local Chiefs in 2018 Inaugural meeting. Being invited to similar meetings after local Nation elections. Numerous reconciliations sessions. Celebratory events.

In Sooke, both governments are now cooperating for a much needed sewer expansion that will help clean up the waters of our inlet.

None yet but ethelo inspires me

Federal Government moving forward and becoming more proactive, allowing FN Leadership to implement programs that work for there Community

Seeing a growing relationship begin to blossom, and beginning consulting with them in kind.

We've been working with successful communities and local governments in Ecuador and Bolivia. In Canada, we are collaborating with River Select Fishing Cooperative and Indigenous governments with plans of sharing their success with more communities.

I was inspired by Andrea Reimer learning to do greeting in the Squamish language :)
