INTERNAL MEDICINE AT SOHO HEALTH CLINIC

New York, New York

This was a wonderful program that provides students and graduates an experience of what it might be like to practice medicine in U.S. AMO makes sure that you have a great experience and guides you from the process of applying until the very end of the clinical rotation.

NEUROLOGY AT JFK NEW JERSEY NEUROSCIENCE INSTITUTE

Edison, New Jersey

It was an amazing program where I was able to cultivate my interest in neurology. I learned quite a bit from the residents and the attendings. I got the opportunity to perform examinations and take histories for consults to the neurology service. Definitely an amazing and a worthwhile experience.

INTERNAL MEDICINE AT E & L MEDICAL CENTER

Chicago, Illinois

I had a great clinical experience and learned a lot from my attending physician who was amazing. He explained everything, allowed me to ask questions, and evaluated my performance. He was considerate, cool and very knowledgeable and taught me about progress notes, EMR, specifications of inpatient treatment and diagnostic tests.

GENERAL SURGERY AT SURGICAL PARTNERS

Miami Beach, Florida

I really enjoyed my experience with AMO and would highly recommend to anyone who wants to understand the American medical system in detail. My supervising physician provided very good explanations. He went above and beyond to teach me not only surgical skills, but also how to manage and care for patients.

OPHTHALMOLOGY AT LONG ISLAND VISION EXPERTS

Rockville Center, New York

I really admire AMO for providing such a wholesome experience. They gave me guidance at every step, from applying for a visa to acquiring housing in the U.S. I had many questions and AMO provided prompt answers and solutions. They were very supportive. My preceptor was extremely polite, patient and friendly. He has an amazing sense of humor and made learning such a fun experience. Overall, it was a very educational program and AMO made my rotation worthwhile.

FAMILY MEDICINE AT THATCHER MEDICAL

Pasadena, California

AMO is a great gateway to medicine in the U.S. The staff is incredibly supportive and were there for me 100 percent. They were quick to answer all my queries and doubts I had. The clinical experience itself was super educational and my preceptor went above and beyond to help mold me into a better physician. She was the real deal, one in a million and the best teacher I could ask for. !

INTERNAL MEDICINE AT LOCICERO MEDICAL GROUP

Tampa, Florida

I really enjoyed the rotation. My supervising physician was a great teacher and a very kind person. Everyone at the clinic and hospitals were nice. They made sure we learned something new each day. I really loved working with my preceptor and I'm hoping to do another rotation sometime in the future.
