

10 Great Reviews of AMOPPORTUNITIES by Visitors from Colombia

INTERNAL MEDICINE WITH PATIENT FIRST MEDICAL CLINIC

Virtual Clinical Experience

I have to say the rotation was great. I was under the guidance of a great professional who was not only skilled clinically but also is a compassionate person. I learnt a lot through this experience. He took time to explain concepts that I was not familiar with or mechanisms of action of certain medications. I also had enough freedom to suggest diagnosis and treatment options and Dr. S would modify according to his own experience. I'm very grateful for this opportunity.

PHYSICAL MEDICINE AND REHABILITATION AT SPECIALTY CARE CLINIC

Pembroke Pines, Florida

Great! Keep doing this. AMO is very helpful with the IMGs. It was good be with AMO and all support they give, this was my second rotation with AMO, and I do not have any complaints.

INTERNAL MEDICINE AT LOCICERO MEDICAL GROUP

Tampa, Florida

Great program overall. Dr. L is very sweet with patients and students. Amazing.

- Jorge, *Universidad Pontifical Bolivarian*

OPHTHALMOLOGY AT PREMIER EYECARE OF SAN FRANCISCO

San Francisco, California

It's a great program that gives us opportunities to rotate in the USA with great physicians.

- Maria, *Universidad Autónoma de Bucaramanga*

NEUROLOGY AT NEUROLOGY SERVICES INC.

Washington, D.C.

A great clinical experience full of knowledge that will transcend in my professional and personal life.

- Jose, *Universidad del Rosario*

INTERNAL MEDICINE/ALLERGY AND IMMUNOLOGY AT MIDTOWN ALLERGY AND ARTHRITIS CARE

New York, New York

I love the experience. I'm glad the AMO program found Dr. A! He is a great doctor and amazing person. I learned a lot from him and he is open to teaching.

FAMILY MEDICINE AT FUQUA MEDICAL CENTER

Houston, Texas

I recommend the program, because it can show foreign medical students how the medical system in the USA works. Also, the people that work on the program are really kind and always are trying to help you in the whole application process. Another good thing is that they are really organized and when you have any doubt, they respond to it immediately, so you don't have to wait a lot of time to get a question answered.

- Ana, *Universidad de Buenos Aires*

PLASTIC SURGERY AT PALM BEACH PLASTIC AND COSMETIC SURGERY

West Palm Beach, Florida

The service is amazing. I only had to worry on getting the things they told me done and they took care of the rest. I believe that is their greatest asset, their great client service.

- Daniela, *Universidad del Rosario/Bogotá*

INTERNAL MEDICINE/NEPHROLOGY AT DIAGNOSTIC CLINIC OF HOUSTON

Houston, Texas

It's a really good idea to do this kind of experience because you learn a lot about medicine, about colleagues and about the culture of different places (including US of course).

-Diego, *Universidad de Antioquia*

NEUROLOGY AT NEUROLOGY SERVICES INC.

Washington, D.C.

In general it was a really good experience, hands-on experience. Highly recommend it.

- Santiago, *Universidad Pontifical Bolivarian*
