EMERGENCY MEDICINE AT THE CLINICIANS PRIMARY CARE & URGENT CLINIC

Tampa, Florida

It was amazing and surpassed every expectation I had. Overall, it was perfect.

CARDIOLOGY AT SAINT ANTHONY HOSPITAL

Chicago, Illinois

As a senior year medical student from Bucharest, Romania, I decided to do a rotation in the U.S. before graduating. The goal was to improve my medical thinking and clinical skills in a professional environment. I ended up choosing the cardiology rotation at Saint Anthony's Hospital in Chicago and in retrospect, as I think back on it now, it was one of the best decisions I have ever made regarding my academic training.

FAMILY MEDICINE AT PERRY AVENUE MEDICAL CENTER

Bronx, New York

It was a good observership which gave me the opportunity to work with a great staff. I learned a lot in a very friendly environment.

NEUROSURGERY AT SPINE INSTITUTE OF IDAHO

Meridian, Idaho

The program was absolutely amazing. The physician was extremely professional and, more importantly, he was a great, great human being. He was awesome and so was his staff. They were always polite and made sure I was learning and having a good experience. I am forever thankful for all I learned in this experience.

INTERNAL MEDICINE AT LOCICERO MEDICAL GROUP

Tampa, Florida

It was a great experience. I learned a lot through several interesting different cases in an exceptional environment. The supervising physician and the rest of the medical staff were amazing. I don't have any complaints and highly recommend booking a rotation with AMO.

GASTROENTEROLOGY AT SAINT JOSEPH ORANGE

Orange, California

My rotation was great in many ways! The entire staff was attentive to me from the beginning. They took away all my doubts and helped me a lot! Having an experience outside of your home country is something that everyone should have the opportunity to do at least once in their life. It has helped me grow as a person and has advanced my medical career. I am very happy and grateful to AMO for providing me with this experience!

OPHTHALMOLOGY AT LONG ISLAND VISION EXPERTS

Rockville Center, New York

This was a great experience. I had more hands-on contact than I thought I would have. My supervising physician included me in discussions and explained his thought process. I also learned a lot about dealing with patients in a U.S., private practice scenario. This, I think, was the most unique part of this experience. Overall it was a great experience!

UROLOGY AT THE LENNAR FOUNDATION MEDICAL CENTER AT THE UNIVERSITY OF MIAMI

Miami, Florida

I couldn't be happier with my experience. My preceptor was a great physician and an even better friend. All the staff, including the desk clerks, scribes, nurses, managers and other doctors were the best I could have asked for. As a foreign physician that dreams of making a career in the U.S., this experience was a must in my curriculum. I felt like part of the family in my hospital and learned a whole lot more than I expected to.

PULMONARY DISEASE AT POINCIANA MEDICAL CENTER

Kissimmee, Florida

It was honestly one of the best experiences I've ever had! From the beginning, my Visitor Experience Coach was helpful and made enrolling so much easier. Being able to shadow a doctor, learn how the medical system works in the U.S., and obtain so much knowledge was wonderful! I am planning to do many more rotations in the future. Also, I will be sharing my experience with others so they can feel happy as I do!

PLASTIC SURGERY AT SPECIALTY CARE CLINIC

Miami, Florida

Perfect from the beginning up to the end. I was supported the entire time by the AMO team.
