

Gramener's AI Labs

Why AI Labs?

Innovation in AI by experimenting with leading trends and applying them to enterprise business problems in data consumption

What will the team do?

- Stay abreast with the latest research in Artificial Intelligence
- Identify and experiment with new AI techniques
- Innovate in applying them to enterprise business problems

How will the initiative help?

Successfully incubated AI ideas will reach our Clients as:

- Features built into Gramex platform for rollout
- Pre-built domain solutions as Products
