

Arabic Books

MOE Arabic, Islamic and UAE Social Studies books were delivered to the teachers of most students. Please contact your child's Arabic or Islamic teacher for access to the digital versions so the books do not need to be taken back and forth.

Google Classroom

If you are having any technical issues regarding Google Classroom please contact Nizar at it.support@igniteschool.ae. If necessary, you can bring your child's device to school and Nizar will configure it as long as either you or he has any relevant device password information. Please arrange an appointment with the Reception.

ASA &ECA

Gulf Star Swimming, Karate, Athletics, Basketball, Gymnastics and Dance began this week for participants. You can still register your child for these activities, refer to the link within the Newsletter.

Distance Learning

Distance learning will officially end on September 30th except for those with DHA medical exemptions. Distance learning will take place on a customized basis as there are very few distance learners. It's wonderful to be safely "back" to as normal as we can get while wearing masks and social distancing. Distance learning for students with legitimate extended absences will also be honored

As the fourth week of September rolls in, we look forward to more cultural delights infused with the love of learning!
