

FRACTIONAL IT DIRECTOR

**ADVANCE YOUR TECHNOLOGY
GOALS. GROW YOUR BUSINESS.**

SUCCESS Computer Consulting's Fractional IT Director service **uncovers your business goals, aligns them with a custom technology roadmap, and leads your IT support team** toward achieving those goals so you can grow your business.

BREAK THE REACTIVE CYCLE OF TECHNOLOGY

The real value of technology is **continually disrupted by break/fix support and reactive work**. Even when progress is made, IT staff turnover can further disrupt the initiatives in process, **resulting in a reactive cycle that's hard to break**.

Many businesses need technology leadership, but the challenges of hiring, developing, and retaining a full-time IT director are daunting.

FRACTIONAL IT DIRECTOR

SUCCESS's Fractional IT Director uses their expertise to **provide technology leadership for your business.**

The **tenure and strategic experience of SUCCESS's FITDIR** lays the foundation for oversight of your technology needs.

A STRATEGIC APPROACH TO TECHNOLOGY LEADERSHIP

SUCCESS's Fractional IT Director will **lead your business and IT staff** through the process of making progress against your custom technology roadmap.

The Fractional IT Director provides **leadership, oversight, coordination, and direction** in these areas:

- Strategic vision and planning to align technology with business goals
- Project planning and management
- Development and execution of the technology plan
