

The Galaxy is a transparent structure which is placed off centre at an angle to the observation platform. The blueish /green lights simulate a slowly moving galaxy.

The Sandpit is the amphitheater and building underneath the galaxy (aprox 1600m²) is made with glass and sandstone.

On The Space there are food-trucks. This could be for an annual event or more permanent like an open space food court.

The Fruit, the Santa Clara Valley was a major fruit growing area. In the garden will be fruit trees in honour of this history. People are allowed to pick the fruit for free.
