

SILICON VALLEY PARK MUSEUM (SVPM)

A new silicon heart for the center of the world technologies

In this innovative silicon park, a Pixel World is being born.

Here the people can ecologically connect themselves in its 4 ways (history, children, open-living, Pixel Museum).

This innovative model of living iconic spaces receives additional energy at night when the lights of its atoms turn on.

The evolution will be here!

Come, connect and live with us in a Zero Energy Park!
