

## Project Summary

The Aeon Tower is an exciting new project: a spaceship-like tower taking shape in San Jose's skyline. The magical building combines a beloved nostalgia for vintage sci-fi cinema combined with a modern high-tech aesthetic, resulting in a awe-inspiring monument people can visit and explore. The tower features an innovative art gallery, restaurants, bars, and a convention center. The summit of the tower is a panoramic experience, where visitors can witness San Jose as if they were flying over the city. An impressive landmark that will boost regional pride and attract tourism, The Aeon Tower displays the amazing possibilities of creative civic transformation.
