

**The GIFT at Arena Green** is an immersive environment of Evergreen Woodlands and a spectacular tower of outstretched hands symbolizing man's greatest achievements.

Celebrating our core belief that *"Nothing is Out of Reach,"* THE GIFT embodies the Soul of San Jose, where we CONNECT, BUILD and SHARE our dreams.

Transforming a public greenspace into an inspiring destination, THE GIFT will fuel imaginations and give life to the ideas of future generations.

We honor what Aristotle referred to as *"The Tool of Tools,"* – the majestic human hands.
