

The Egg

as a symbol

a symbol for the birth of something new

a symbol of a breeding ground for ideas

a symbol for the origin of new lifestyles

the symbol of

Silicon Valley

a huge architecture - sculpture

to visit

inside the egg

the most powerful processor unit

with the greatest computing power

any times

worldwide

networked

constantly growing

changing in time

usable from any location

around the world

as a hotbed of new ideas

Silicon Valley
