

ProjectSummary

To change the World, we need to do impossible, unbelievable, what was not before.

Scientific idea - science must be supported and popularized

Scientific - functions

Indor function is the Center of Best Future.

Location feature

Guadalupesky combines the most arduous construction, scientific technology, incredible ambitiousness, bold solutions.

Energy & benefits - Waterfall

Water reaches the top, and make multi-level waterfall, energy generators, irrigation system.

Waterfall $h=320$ meters= length of Niagara American part.

Regeneration nature

We create the unbroken safe nature regeneration corridors/ Guadalupesky is a part of regeneration.
