

Summary

Newspaper Rock State Historic Monument is a rock panel carved with one of the largest known collections of petroglyphs is located in **San Juan** County, UT. The art object that I suggest to call Confluence Rock might be the Newspaper Rock of 21st century. The object will be erected at the confluence of the Guadalupe River and Los Gatos Creek in **San Jose**, CA. I propose project of art object that is at the confluence of mathematics, physics and art. The Confluence Rock I suggest to establish on the West side Area (see Site Map Image).
