

“THE COUPLING”-This icon is chosen to represent the reflective nature of ‘*duality*’- the rippling effect of Silicon Valley- metaphoric as ‘**Supernova**’. Contemplating counterbalance, two overlapping rings are placed to demonstrate balanced interaction of complementary forces-*nature* and *technology*. The rings have unique feature-one celebrates the wonders of Technology, while the other chants the songs of the earth. Reflecting in the water- ‘*as the inspiration of life*’; Dance of the coupling is unified by the central space resembling the spirit displaying holographic projections; accompanied by flora and fauna preserved in the contours of the site- in search of ultimate salvation.
