

Mountain Valley Park

DESIGN SUMMARY

- *The noise Pollution is taken into account and being the future of sharing the neighborhood with Google and also as the main principle of this competition is to provide an iconic structure, the roof was brought into many thought process and resulted to be a sine wave roof which reverberates the noise pollution and gives uniqueness.*
- *The various facilities such as the library, the gym, the shop, the Amphitheatre, the exhibition space, the game room helps people to use the site mostly.*
- *Both the overlook plaza and also the pine tree area have been improved.*
