

## *THE RADIANT STAR*

*The Radiant Star* is born in the sky, the idea of hope, adventure and the world of tomorrow. A constellation of twelve multicolor stars come together in San Jose to make one superstar out of many. The spectacular 180 feet tall *Radiant Star* is a first-time emotional monument, beaming and capturing emotion with an explosion of color and joy. The *Radiant Star* is an iconic landmark, universal and personal at once celebrating the future of everyone together in San Jose, California. A Radiant Star that in person, digitally or in print is forever to be associated with Silicon Valley.
