

Project Summary

Spirit of Light honors the spirit of innovation that has defined San Jose for over 100 years, beginning with the San José Light Tower and continuing to today. It acknowledges the past, highlights the present, and celebrates the opportunities of the future.

It is a highly visible marker during the day and at night, where people will come to reflect on the creative spirit of San José, learn from the Visitor Center, take a seat during their exploration of Arena Green, or simply enjoy the thousands of beautifully twinkling lights suspended above them in the plaza.
