

A NEW BRIDGE THAT CREATES A SEAMLESS CONNECTION.
A NEW ARENA DEDICATED TO PUBLIC GAMES.
THE PROJECT WOULD BE PRACTICAL TO PARTICIPATE IN SAN JOSE'S EVERYDAY LIFE, AS WELL AS LAVISH
TO BECOME A WORLDWIDE ICON, AND FLEXIBLE SO THAT THE NEXT GENERATIONS MAY USE IT IN THEIR WAY.
IT REFLECTS THE 21ST CENTURY'S ART OF THINKING AND ART OF BUILDING.

MURMURATION

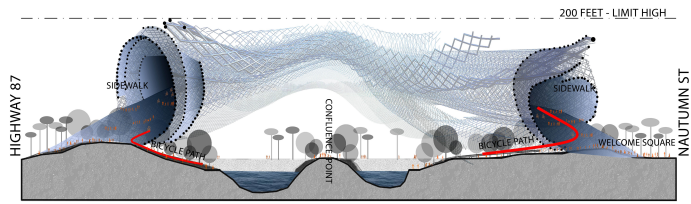

AS IF IT WERE CREATED BY A PRIMITIVE HUMAN'S HANDS WITH THE FIRST IDEA OF CONNECTION
AND SOLIDARITY, THE ARENA EMBRACES THE CONFLUENCE POINT AND OPENS FOR THE ENTRANCE
OF GUADALUPE RIVER AND LOS GATOS CREEK. AS SUCH, IT CELEBRATES THE HUMAN- NATURE
CONFLUENCE AS WELL AS THE CONFLUENCE BETWEEN PEOPLE. CONFLUENCES THAT WOULD LAST
FOR GENERATIONS, NO MATTER HOW THE WORLD WILL CHANGE.

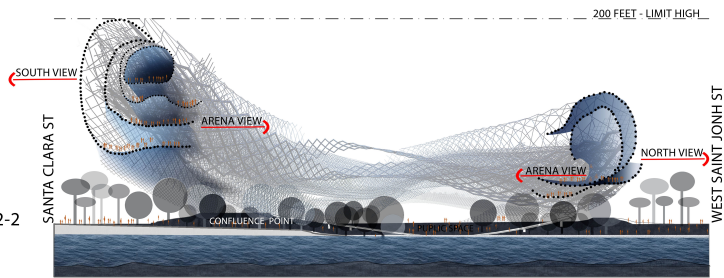

Elevation

Section 1-1

Section 2-2

INSPIRED BY THE DYNAMIC DENSITY AND FORM OF STARLINGS' MURMURATIONS, THE DESIGN OFFERS A UNIQUE VISUAL EXPERIENCE OF DENSITY AND PERSPECTIVES. AS ONE WALKS ALONG THE PATH, THE CHANGE IN DENSITY OF THE MESHES WILL CREATE MESMERIZING AND VARIED VIEWS INWARD AND OUTWARD. THE PROJECT IS ILLUMINATED WITH SELF-POWERING DEVICES. ITS MESH STRUCTURE CONSTITUTES AN IMMENSE BLANK CANVAS WHERE LIGHTING ARTISTS PUSH THEIR CREATIVE BOUNDARIES. THE ARENA IS NOT ONLY A BUILDING BUT ALSO A MESSENGER THAT GOES BEYOND TIME AND MATERIAL TO TRANSMIT UNMEASURABLE VALUES TO THE NEXT GENERATIONS.
