

**Constellations** is made up of 5 free standing steel sculptures of animals with its constellation inside them (Rabbit- Lepus; Whale- Cetus; Bear-Ursa Major; Fox- Vulpecula; Crane- Grus;). The constellation is see through so you can see it more clear when backlit from the sun in the day or with lights at night. Each animal represents hopeful and positivity through its symbolisms found in various cultures such as the Rabbit- representing speed that makes you come very fast on your feet, reminding you to examine and use the tools we have within ourselves; Whale- growth and progress; Bear- protection and commitment, courage and physical strength, and Fox- ability to move fast to overcome resistance and obstacles. They will act like totems and reminders to the viewers activating the Arena Green into a meditative fantastical atmosphere while celebrating the spirit of the lively growing city of San Jose.
