

Urban Confluence Silicon Valley Competition

Project statement

Two arch closely touching to create a “Gateway” for all, from Far East to West to San Jose. Including the diversity of culture, people, religion and believe.

This light icon is the symbol of unity for all. Rejuvenate Guadalupe River Park to “The Central Park” of San Jose.

The Arch will be accessible, with multiple levels and an observation deck on top. The arch generates its own electricity for lighting. The lobby at ground level will house the history archives of Guadalupe River Park with Dining in the park.

The Arch will activate people to visit, therefore rejuvenate its functions. It can be seen in a distance at day or night. It is directly visible for air travelers arriving to San Jose Airport.
