

# THE TREE OF SAN JOSE

(a dialog between humans and nature)

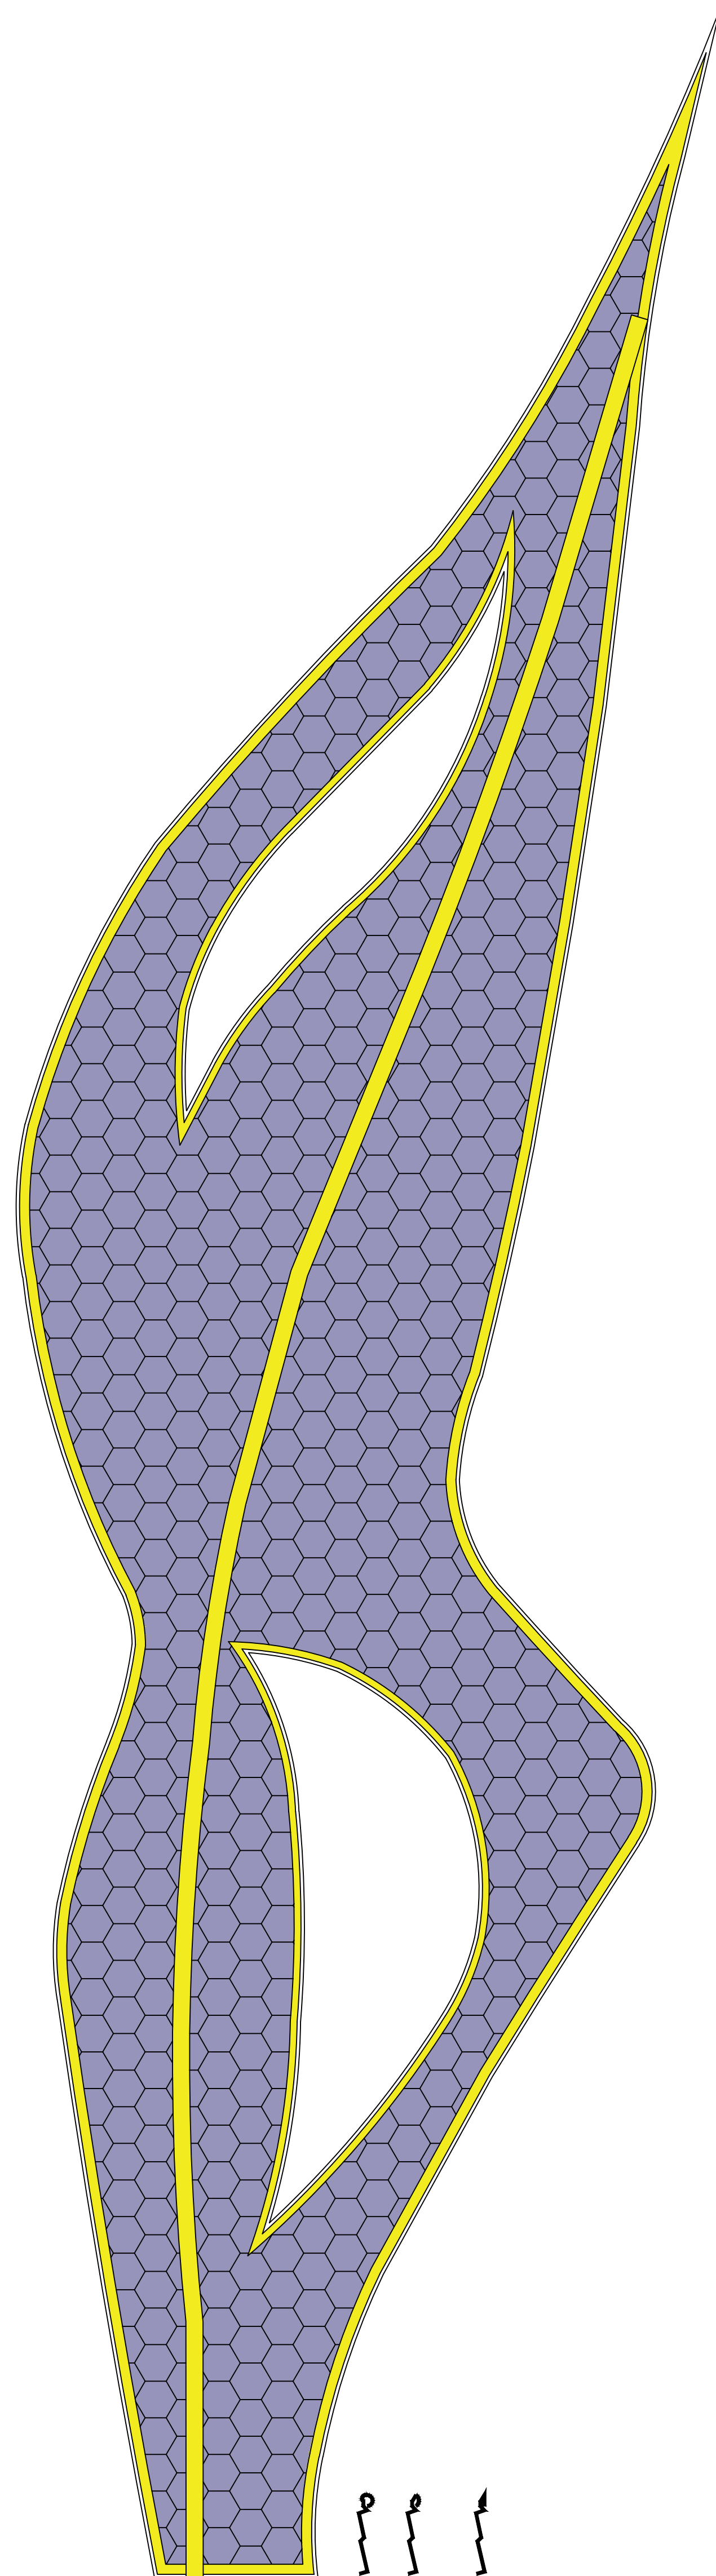

stands tall and  
reflects on how  
humans and trees  
are alike

with roots, and arms  
to embrace,

gathers energy from  
the sun  
and gives it back  
harvests wind  
energy  
and makes it sound

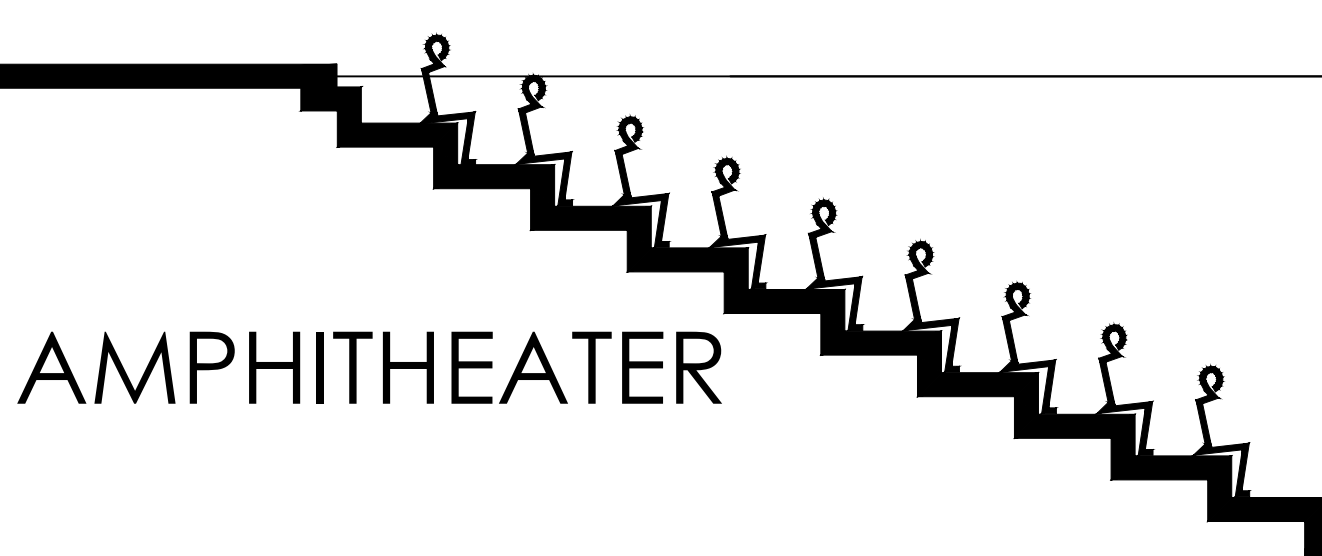

protects  
provides  
illuminates

light as a  
communicator  
and as a guide
