

## Project Summary

### **The Tree of San Jose- A dialog between humans and nature**

This object talks to all, resonates,  
glows, gives, and connects.

Stands tall and reminds us  
how humans and trees are alike.

Have roots, and arms to embrace,  
Revitalizes the collected energy from the sun.

“The Roots”, its foundation, is a **Community Discovery Center** where all are welcome.

The amphitheater is the welcoming mat inviting all to participate.

### **Light**

Light as a communicator,  
as a message, a guide.

### **Sustainable Garden**

Garden as a vehicle to connect people with people and with nature

Garden as a provider and educator.
