

# THE HANGING GARDENS of SAN JOSE

A SIMPHONY OF COLORS AND AROMAS IN CONSTANT EVOLUTION THROUGHOUT THE SEASONS

- Driving San Jose to the world from the **UNIQUE CHARACTER OF THE LOCAL AND NATIVE FLORA**

-**SPECTACULAR NIGHT LIGHTING:** 755 ft x 473 ft LED SCREEN

-**PEDESTRIAN RAMP** climbs up to 180 ft: **360° PANORAMIC VIEWS** over the cityscape

A **California Garden**, displaying native and drought tolerant plants, offers economic, ecological and social benefits:

-**ABSORBS 100 Tons of CO<sub>2</sub>** per year

-**GENERATES 72 Tons of O<sub>2</sub>** per year

-Absorbs highway noise by 50%

-Reduced water and maintenance requirements

-Promotes urban biodiversity, attracting birds, bees and butterflies.
