

What is the shape of Light?

Each day the sun inscribes an arc across the sky and over the course of a year this creates a Light Form. This form is the basis for our Design, the ARC.

The ARC is influenced by the site requirements and is aligned to Confluence Point. This ARC bridges the East (Orchard, Water Tower, Past) to the West (Silicon Crystal, Future) both figuratively and literally. The ARC's West arm is Chronos Hall (Time). It is linked via a Spherical Transport to the Apex Viewing Area and to the East arm, Kairos Hall (Timing).
