

Ascension Church

with the Self-Sanctified Miraculous Image of Ascension bringing success and good fortune.

I suggest to build the Ascension Church in the similitude of the Church of the Ascension of the Lord, which was blown up in 1936 in Saint Petersburg (Leningrad), designed by the world-famous architect Antonio Rinaldi, and to place the Self-Sanctified Miraculous Image of Ascension bringing success and good fortune in this Church, so that this Self-Sanctified Miraculous Image of Ascension brings success and good fortune to the residents of the city of San Jose and the Silicon Valley.
