
Human Family Tree

June 22nd 2020

OVERVIEW

The Human Family Tree is a tower that symbolizes multiculturalism, peace, and unity. The form is inspired by a Bonsai tree and consists of five platforms and multicolored acrylic tiles. The tiles create a dappled light underneath and a glow when lit at night.

GOALS

1. To create an experience that inspires and reflects the operations of the community.
2. To create a space that can feel transformative and special.

SPECIFICATIONS

The Human Family Tree has an elevator hidden within the trunk and a spiral staircase to the top. It also will have hidden solar panels so that it remains carbon neutral.
