

BRUSHED BRASS BAR RAIL

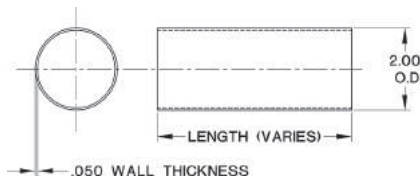

TECHNICAL SPECIFICATIONS

KEGWORKS
Tools for Drinking

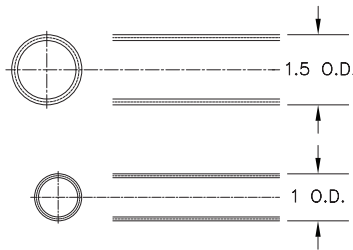

When installing your bar rail, it's important to build with precision. These technical drawings will provide you with accurate measurements, but please call one of our sales representatives if you have any questions about measurements or installation.

TUBING

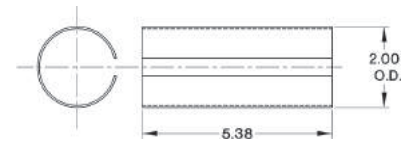

As a part of our line of standard line of bar foot rail products, Brushed Brass is spec'd by outside diameter. Brushed Brass 2" outside diameter tubing and components are kept in stock and ready to ship, but 1½" and 1" components are available by request.
