

# 90° Curved Flush Elbow

2" OD

The curved elbow fitting turns a bar foot rail at a 90° angle, connecting two sections of bar rail tubing.

Curved elbow fitting resembles curved tubing when connected.

## Standard Finishes

			
Brushed Brass	Polished Brass	Brushed Stainless	Polished Stainless
			
Antique Brass	Matte Black	Gunmetal Grey	
			
Sunset Copper	Oil Rubbed Bronze		

Custom finishing is available upon request.

Elbow fitting slides into tubing for a straight flush look.

## Dimensions

(W)	Width	4.25"
(H)	Height	4.25"
(D <sub>1</sub> )	Diameter 1	2.00"
(D <sub>2</sub> )	Diameter 2	1.86"

## Installation

1. Completely secure the first section of bar rail tubing to the bar face or wall.
2. Insert elbow fitting into the end of the secured section of tubing.
3. Connect the second piece of tubing to the elbow fitting before securing to bar.
4. Secure the second section of bar rail tubing to bar face.

## Complete The System

Make sure to get all the necessary components to complete your bar rail system.

Tubing

End Caps

Brackets

Flanges

Care and maintenance varies by finish. Given the nature of the product, typical wear and tear may be noticed with your bar rail over time, such as scuffs, scratches, and dirt.
