Station Square Parade Colchester

## THE PROJECT

Station Square Parade is a 2018 residential development right next to Colchester train station.

Originally a large office building, it has now been converted into 67 one and two bedroom luxury apartments - some with private balconies and all set around a series of internal private courtyards.

Buzon UK pedestals were used in combination with a mixture of 600x600 and 400x1200 Rowe, Moroto and Umer 20mm thick porcelain tiles from Alfresco Floors.

The design, supply and installation contract totalled nearly 500 Sqm of external porcelain paving and small section of artificial grass – with the Buzon pedestal system supporting everything, at build up heights of around 150mm.

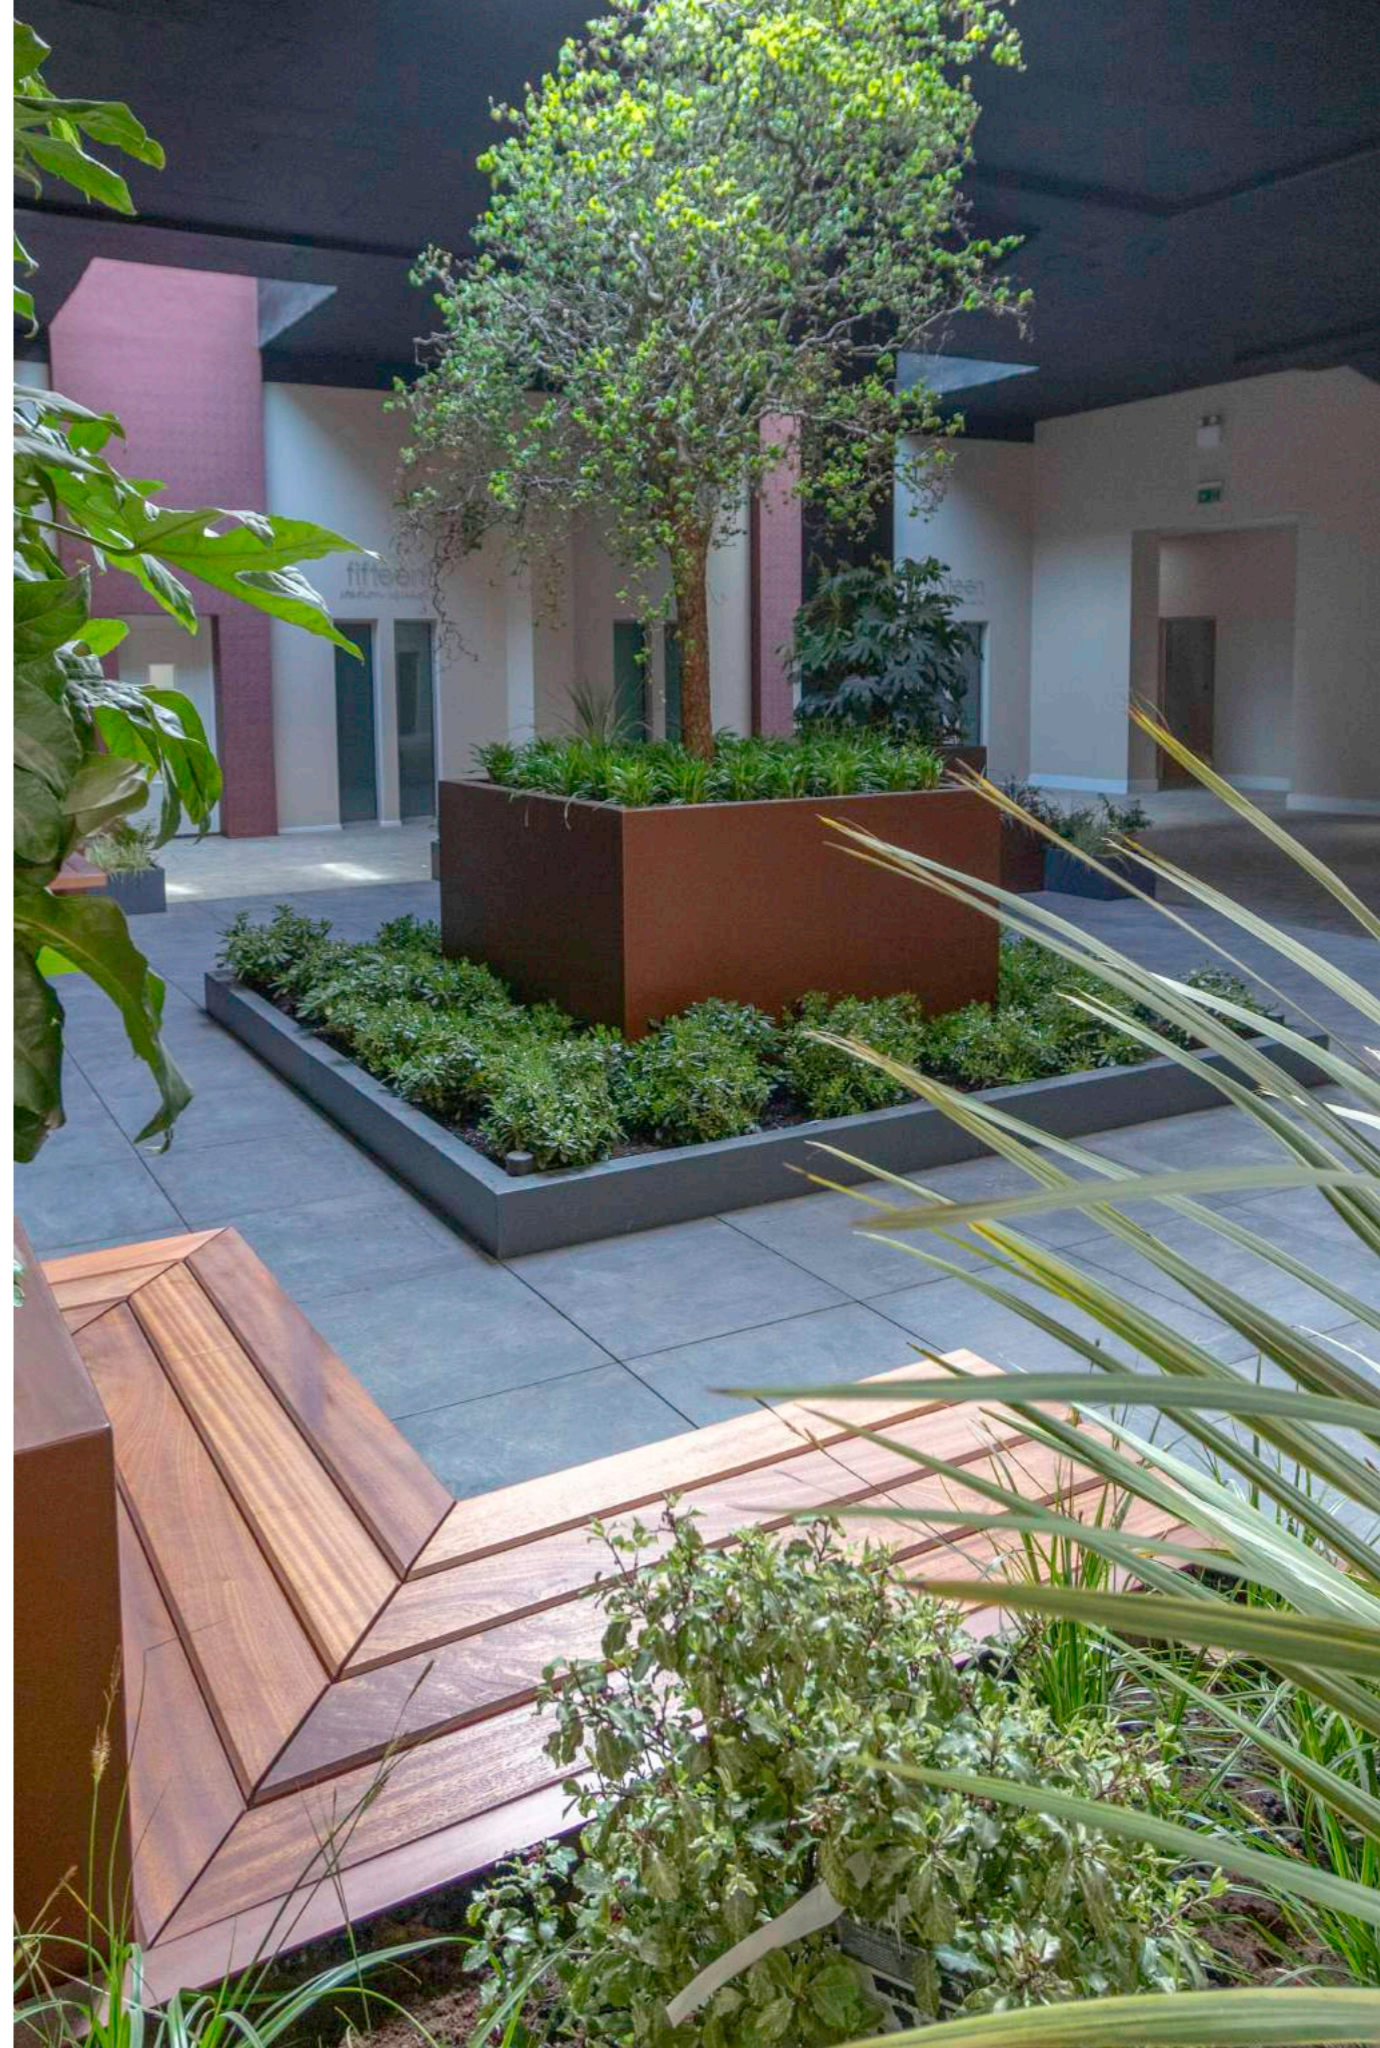

## PROJECT DETAILS

**Project:** Station Square Parade

**Location:** Colchester, UK

**Product:** DPH pedestal system & Alfresco Floors paving

**Project status:** Completed March 2018

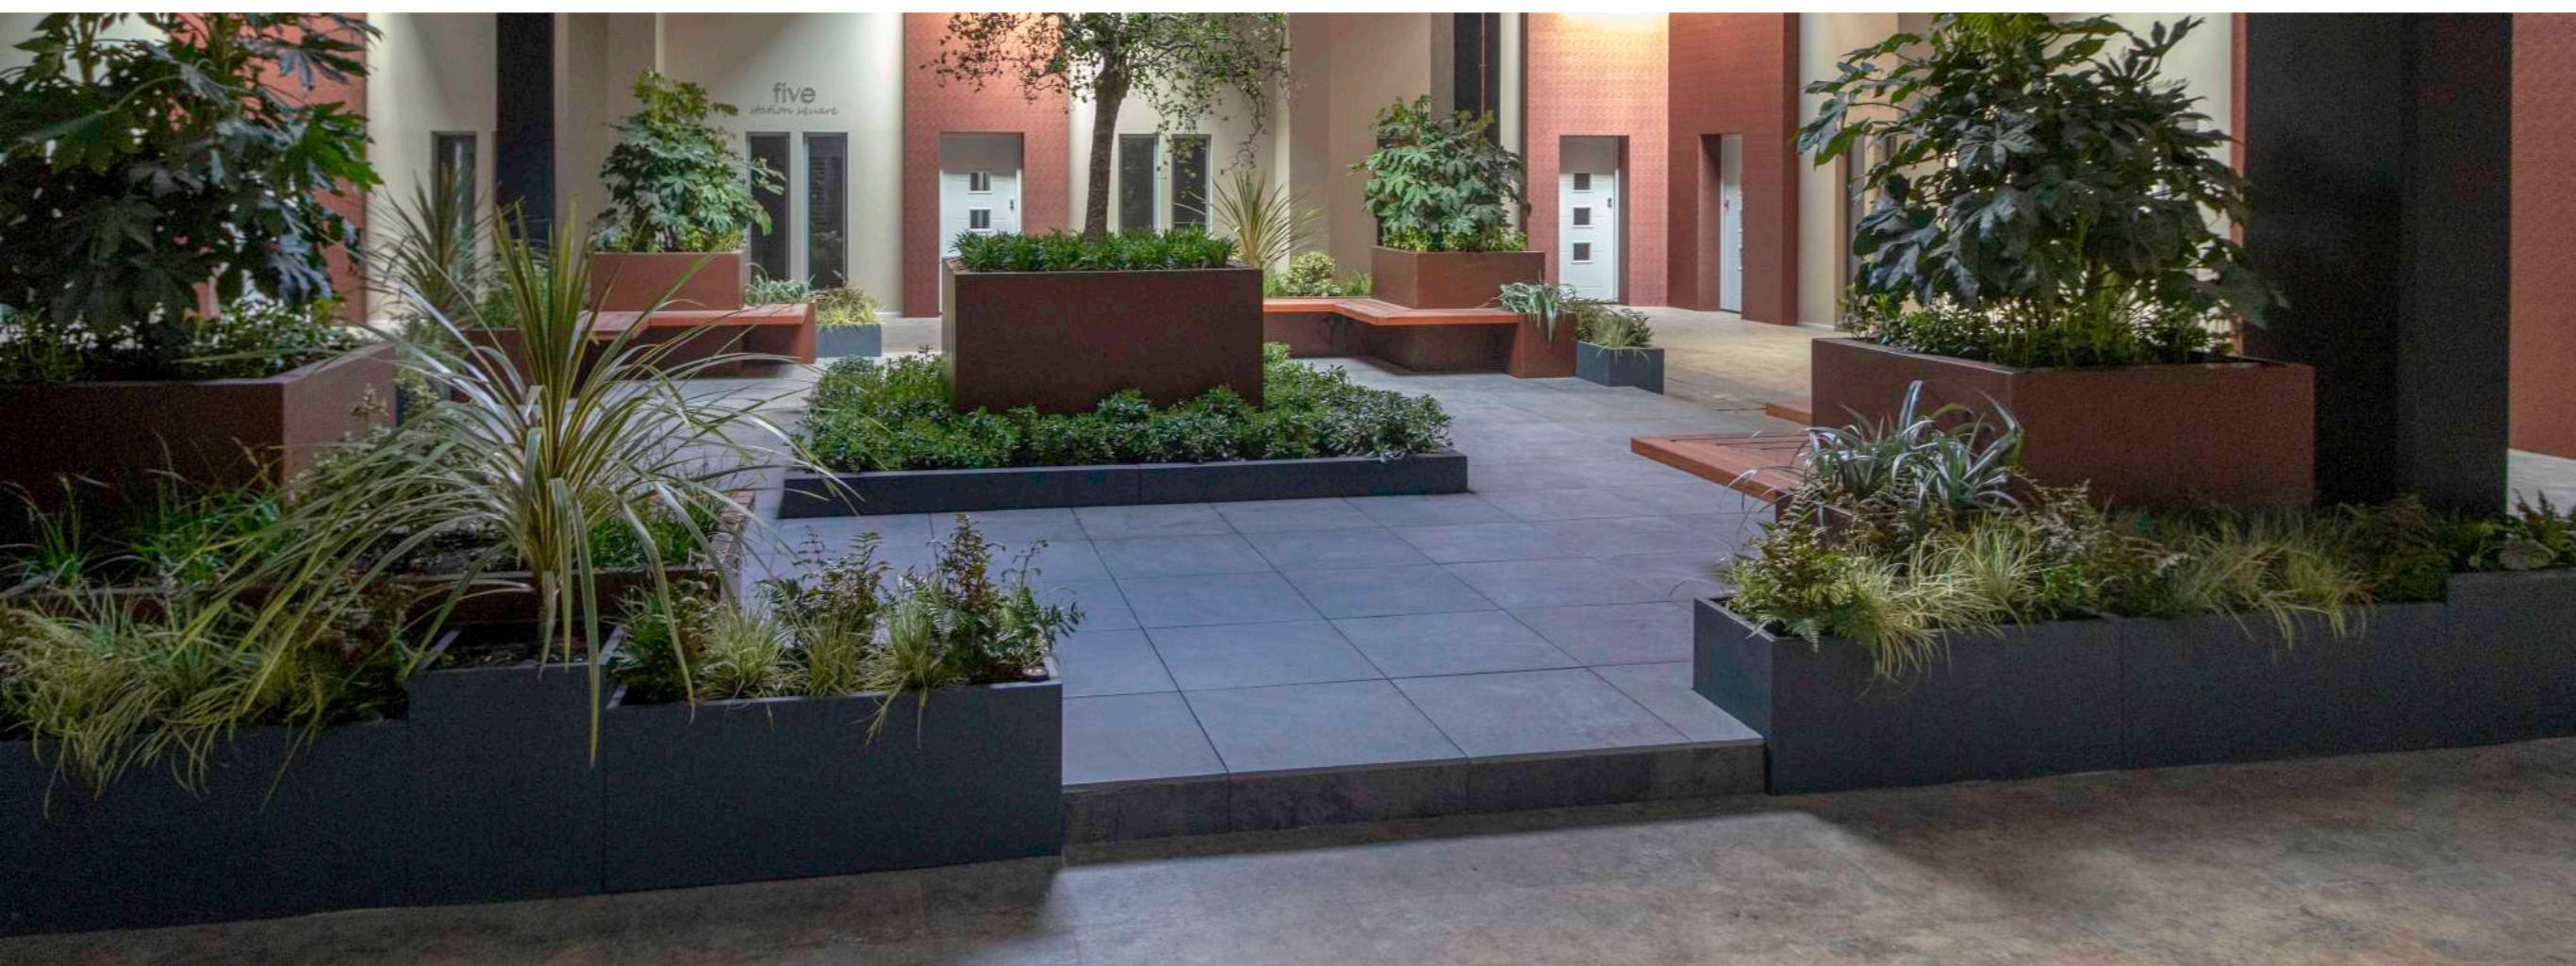

The Lower Courtyard area used Buzon pedestals to create a raised seating area on what was previously a flat floor

The supply and install contract used 20mm  
porcelain tiles from Alfresco Floors on  
Buzon DPH pedestals

The same Buzon pedestal system runs underneath both the porcelain and the artificial grass areas

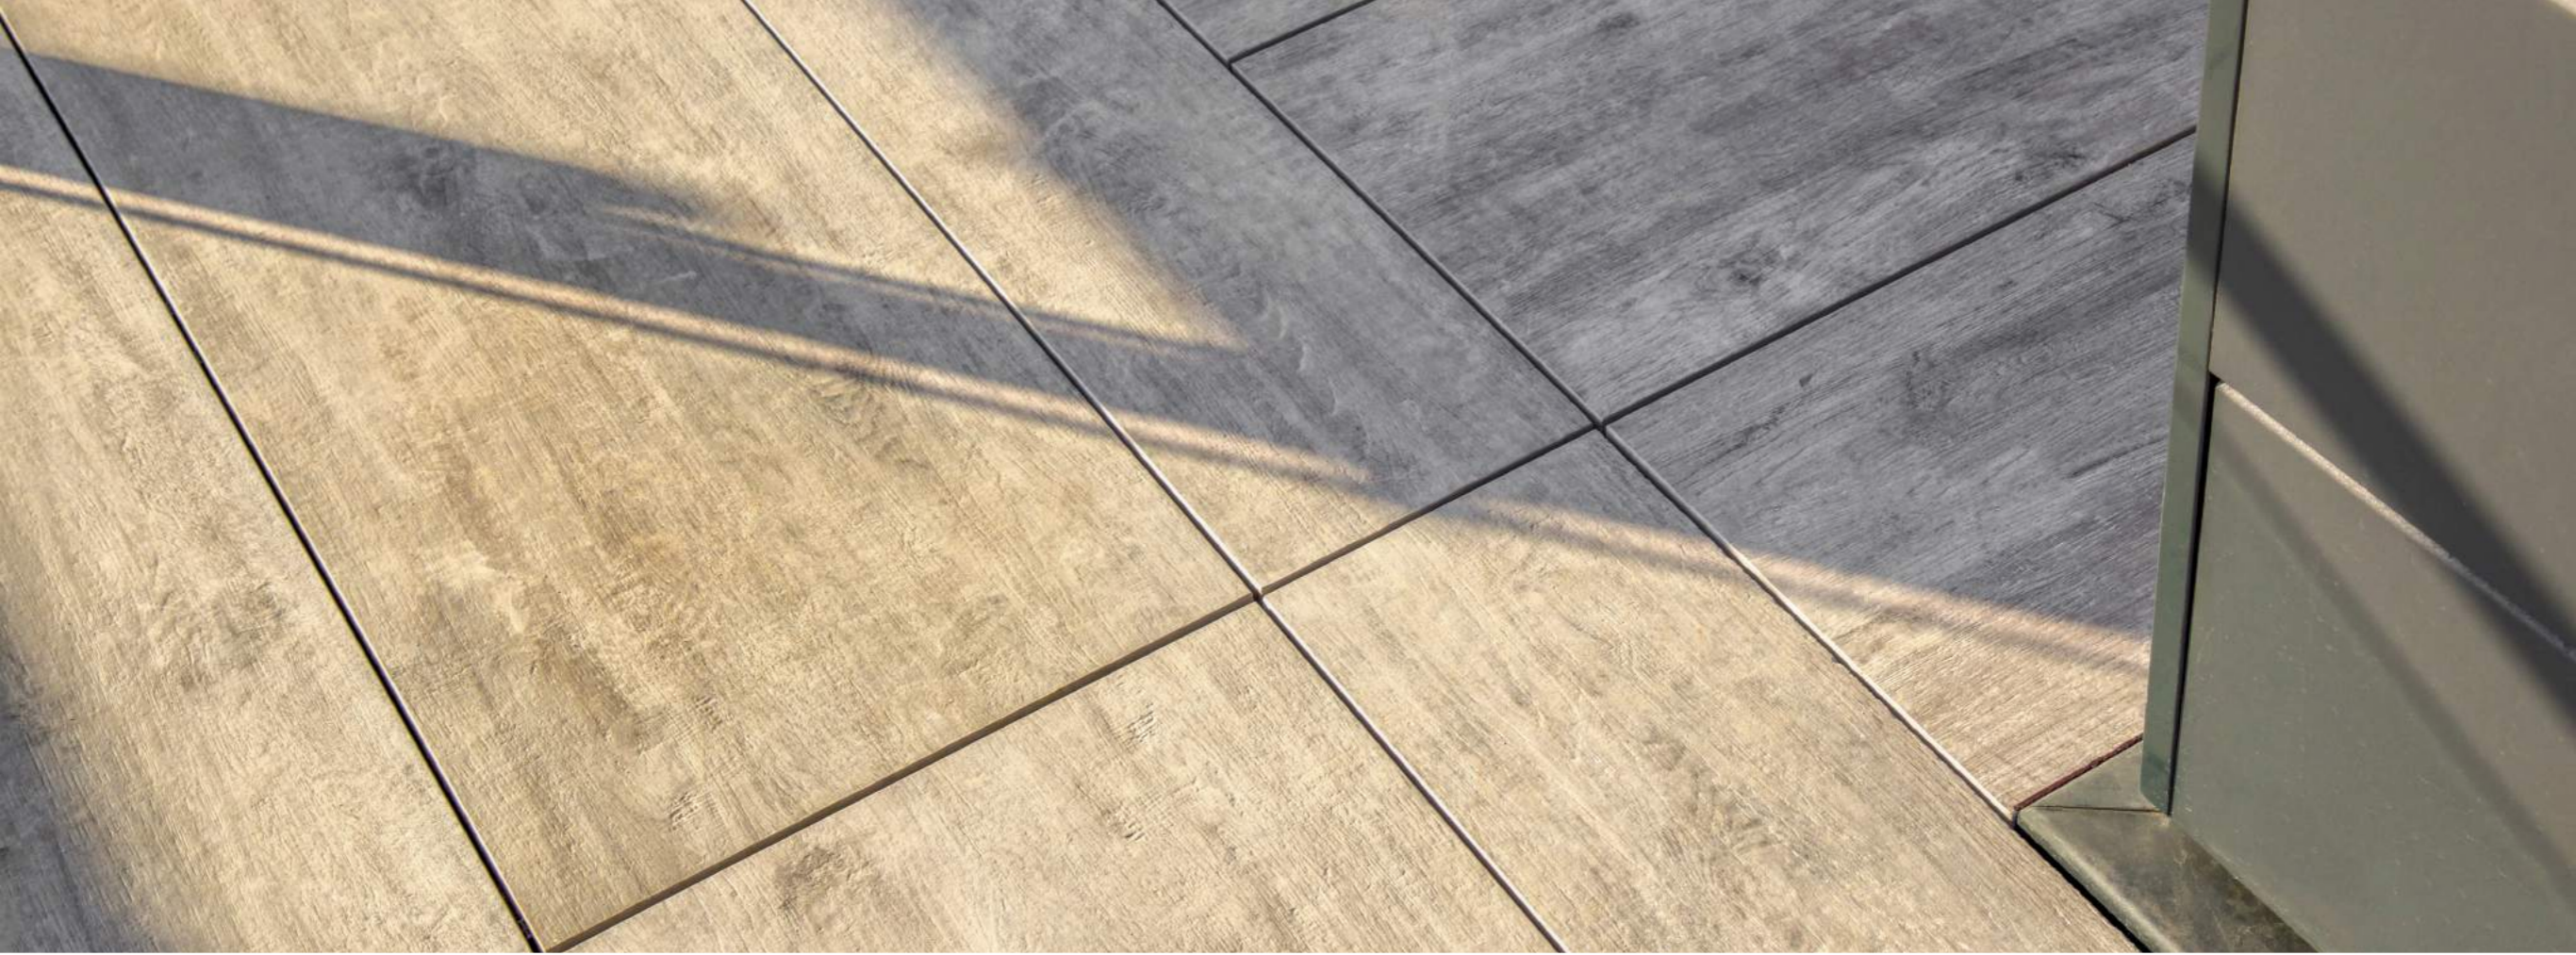

The top floor apartments all have private balconies using Rowe 20mm slip-resistant porcelain tiles
