DECORATIVE STRENGTH.

Robust, versatile and made to satisfy the retail needs of medium and large stores, **Francoforte** is a refrigerated vertical multi-deck cabinet that combines excellent performance with the utmost reliability. Ideal for preserving many different categories of food product, this display offers extremely easy access and excellent presentation.

TOTAL RELIABILITY.

Francoforte is made from extremely robust components and boasts a high load capacity of up to 300 kg/m² on its shelves, and an impressive 800 kg/m² in the basin. Large quantities of product can be accommodated easily in this generous vertical display.

ERGONOMIC DESIGN.

Ergonomic design facilitates the work of store staff and permits the presentation of many different food types, including meat, pre-packed fresh fruit and veg, cheese, fresh milk, cold cuts and soft drinks. Loading is extremely simple, as are the tasks of cleaning and management.

- **Ideal for discount stores**
- **Extremely robust**
- **High load capacity**
- **Excellent performance**

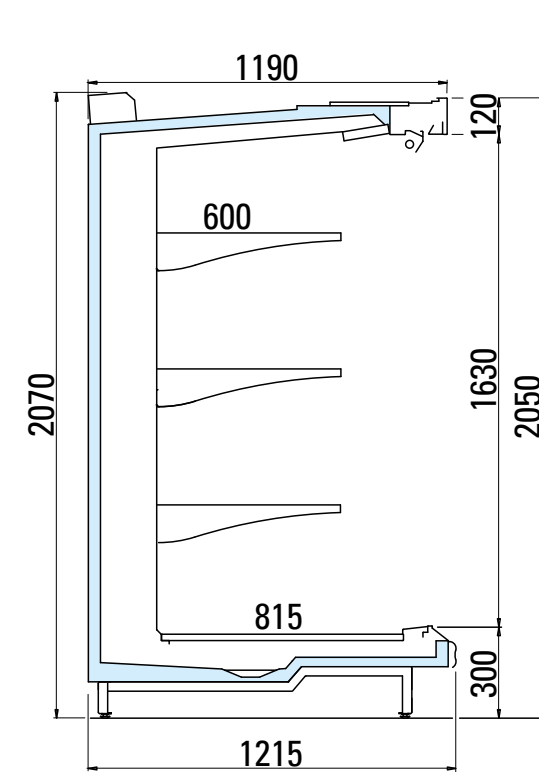

QUICK AND EASY INSTALLATION

The simplicity with which this refrigerated display can be assembled makes it particularly easy to reposition during the refurbishments that every store undergoes over time. In addition, its components are made to ensure maximum long-term reliability.
