

EZ CANS™

EZ CANS™ PREASSEMBLED AIR CANISTERS

EZ Cans™ - The new standard in time-weighted air canister sampling!

EZ Cans™ - The preferred sampling media for trouble-free, cost-effective whole air sampling.

EZ Cans™ - Preassembled at the Air Laboratory

- Totally eliminates in-field assembly
- No more problems due to assembly issues
- Verify the vacuum, position the canister and begin sampling
- No more missing components
- Preassembly saves you time and money

EZ Cans™ - Pretested for leaks and vacuum stability

- EZ Cans™ are leak checked just prior to shipment
- Ensures sufficient vacuum to complete the job
- Eliminates sampling problems in the field

EZ Cans™ - Are shipped prepaid both ways

- Pace pays for standard shipping to your office and job site
- A prepaid label in the box covers return shipping to the lab
- Eliminates estimated shipping costs

EZ Cans™ - Are preferred by professional users 3 to 1 over unassembled canisters
