

PFAST[®] MOBILE PFAS LAB SERVICES

Pace Analytical[®] PFAST[®] Mobile Lab Service is the only certified mobile lab in the industry capable of analyzing PFAS in the single digit, parts-per-trillion range.

Similar to our multiple PFAS lab facilities, PFAST[®] Mobile Lab Service offers fully defensible data backed by multiple state certifications and DoD and DOE accreditation.

Using PFAST[®] Mobile Lab Service, you can quickly - and cost effectively - identify PFAS plumes and source areas; often with same-day results. In most cases, clients find our PFAST[®] Mobile Lab Service costs less than expedited services at other labs.

- **STATE CERTIFICATIONS**
- **DoD AND DOE ACCREDITATION**
- **NATIONAL ENVIRONMENTAL LABORATORY PROGRAM**

REQUEST A QUOTE using our online PFAS RFQ tool. Provide as much information as possible and we will respond with a fast, accurate quote. Click [HERE](#) to get started.

The PFAST[®] Mobile Lab is housed in a self-contained, climate-controlled trailer ready for mobilization and quick set up.

- **MULTIPLE METHODS AND MATRICES**
- **ANALYSES OF MULTIPLE SOIL AND WATER COMPOUNDS**
- **ISOTOPE DILUTION / INTERNAL STANDARD CALIBRATIONS**
- **SAMPLE PREPARATION OF TRADITIONAL SPE, ROBOTIC INLINE SPE, AND DIRECT AQUEOUS INJECTION**
