The Power of a True Partner

In today's business world, it helps to find "your" people. People who know your business--day in and day out--and can help you understand the latest trends, newest technologies, and competitive landscape in which you operate. It's the difference between working with a vendor and benefiting from a true partner.

At Millcraft, our main goal is to provide you with valuable ideas, technology, and tools that make your job easier. Are you looking to expand into new print or packaging markets that will complement your existing cycle of business? Do you want custom sheets of paper developed from locally sourced materials to support your brand

strategy? We can make it happen. We'll even offer suggestions based on how other like businesses are growing and gaining momentum.

Creating memorable experiences for your customers is easier when you have a partner--like Millcraft--who understands the power of materials and knows the options that are available for each

Travis Mlakar

Packaging Equipment

Coated Paper

There are so many options in Millcraft's coated paper stock collection that the hardest part is deciding which one to use first. You'll find lightweight and heavyweight grades for text pages, inserts, and covers; paper with matte, silk, dull, and gloss finishes; grades offering digital and offset printing compatibility; recycled content, post-consumer waste (PCW), and other environmentally responsible papers; and even a few waterproof synthetics stocks.

Uncoated & Opaque Paper

Whether you need roll-to-roll, roll-to-fold, or roll-to-sheet, our wide selection of uncoated and opaque paper offers exceptional durability and trouble-free printing. You'll find them in a variety of grades, shades, and basis weights. And, for your environmentally conscious customers, paper with various increments of post-consumer waste (PCW) recycled content is also available.

Board

From cartons and file folders to a wide variety of packaging applications, we've got everything you need for your next paperboard project. Stocks come in one- or two-sided printing options, and there's a selection of weights, stiffness, and brightness. Most perform beautifully on a range of dry and liquid toner digital presses as well as traditional offset presses.

Packaging

Check out our h-u-g-e selection of packaging materials that offer flexibility and protection. Products range from corrugated materials, carton closures (tapes and adhesives), protective packaging (bubble wrap, air pillows, and clamshells), flexible packaging (shrink film and poly bags), retention packaging (gel packs, peanuts, and coolers), and materials used to secure product on a pallet.

buy & give

\$1 goes to
your local
community

Helping families. Helping communities.

When you and your customers purchase Buy & Give paper, you're not just buying a product – you're supporting local, non-profit organizations with every paper purchase.

Giving back and supporting our communities is important to the Millcraft family. Help us make a bigger difference by choosing Buy & Give.

We are proud to support the following charities:

Blessings in a Backpack
Cincinnati Children's
Cleveland Clinic Children's
C.S. Mott Children's Hospital
Hospice of Dayton
Hospice of the Western Reserve
Make-A-Wish®
Ohio, Kentucky and Indiana
Nationwide Children's Hospital
Turnstone Center for Children and Adults
with Disabilities
