Eli's love for Antigua, its ecology and history, coupled with life experience makes his carefully designed tours the highlights of many people's vacation in Antigua.

## **ADVENTURE ANTIGUA TOURS**

### **Eli's Original Eco Tour:**

Eli's Original Eco tour is Antigua's oldest Eco tour. We spend a full day in the North Sound of Antigua where we have 22 uninhabited pristine offshore islands. You learn about the eco systems & the history of the different islands in this protected area. Also the turtle project at Jumby Bay, the reef ball system at Maiden Island, the beautiful and important Mangrove system of Guiana Island & much more. There are two snorkeling sessions (& a snorkel lesson for those who need) along with a nature walk/hike to the top of Bird Island where you might get a chance to see one our indigenous & endangered (nonpoisonous) Antigua Racer Snake. We also visit Hells Gate Island for a snorkel or a climb through a small cave-like structure that goes through the island & comes out over a natural bridge on top – seeing the Atlantic Ocean on one side & Caribbean Sea on the other. Local lunch and drinks are all included in the tour. GREAT for ALL ages!!

Boat is also available for private charters, it takes a max of 31 passengers.

Cost per person: \$115usd

Children under 3yrs are free of charge and we don't allow infants under 2years old unless ok'd by management.

For more info and pics/video, please visit <http://www.adventureantigua.com/the-eco-tour/>

### **Xtreme Circumnavigation Tour:**

The Xtreme Circumnavigation tour is a full day powerboat tour that goes right around the coastline. After passing through the North Sound area, the first stop is Stingray City Marine Park. There you will spend the normal 45min-1hour long session in the water with the rays & other marine life – it's a natural reef & sandbank so there are lots of things to see. We continue around the island stopping at Antigua's largest off-shore deserted island, Green Island, for lunch. While the crew is setting up, guests can have a wonder around the island, maybe having a swim on the North beach. After lunch, we head south to Nelson's Dockyard (we don't get off the boat but Captain points out ALL the historic colonial structures & gives a short talk explaining what they were used for). The 2nd snorkeling session is at the Pillars of Hercules, a FANTASTIC snorkel stop where the lime stone boulders enter into the water at the mouth of the Nelson's Dockyard – base of the Shirley Heights cliff. The last stop is at the magnificent Rendezvous Bay, a secluded beach on the south side of the island, where you can swim, snorkel or beach comb & enjoy our homemade delicious rum punch

We have two Xtreme boats & we also use them for Barbuda charters & tandem tours/charters. One boat holds 22 people and the other 21.

Cost per person: \$170usd including the fees for Stingray City Marine Park

Children only 6years and over are allowed on tour, and at same cost as adults, unless ok'd by management.
