About Military Friendly®

Military Friendly® is the standard that measures an organization's commitment, effort and success in creating sustainable and meaningful benefit for the military community. Only about 15 organizations competed for Military Friendly® designation upon its founding in 2003. Today, that number is over 1,500. Military Friendly® ratings are owned and produced by Victory, Inc., a service-disabled, veteran-owned small business founded in 2001. They are not affiliated with or endorsed by the U.S. Department of Defense or the federal government. The data-driven Military Friendly® lists and methodology can be found at www.MilitaryFriendly.com. Data calculations are evaluated for completeness and accuracy by Ernst & Young.
