Fostering an Equitable and Engaging Culture in Digital Classrooms
Help educators gain awareness, new language, and new skills for building an inclusive and equitable classroom environment that is culturally sensitive, safe, and positive for all students.

Creating Engaging and Rigorous Digital Classrooms
Help educators feel more prepared and confident in teaching remotely. Participants will experience and apply digital strategies to build rigorous, connected learning communities that lead to higher student engagement.

Fostering an Equitable and Engaging Culture in Digital Classrooms
Help educators gain awareness, new language, and new skills for building an inclusive and equitable classroom environment that is culturally sensitive, safe, and positive for all students.

AVID ElevateXP offers two timely professional learning experiences to help educators gain new teaching strategies, tools, resources, and support that amplify best practices.

Professional Learning with Follow-Up Support
Experience 12 hours of learning with a peer group
Stay connected through a Discussion Forum that provides engaging conversation and support
Access up to four 30-minute sessions of Collaborative Coaching and support
A flexible and supportive, modular learning design

Participants will engage in:
- Whole-group learning
- Breakout groups
- Deeper Learning Time which includes small-group focused learning with a facilitator, small-group learning with other participants, and/or individualized learning.

9 out of 10 participants say AVID’s virtual PL is more actionable, collaborative, engaging, inspiring, and relevant than other professional learning.

Concerned about keeping students engaged in your digital learning environment?

This differentiated AVID ElevateXP professional learning experience is designed to empower all elementary through higher education educators to create an engaging community of learners by preparing educators to scaffold student success with rigorous content in a blended learning environment.

Educators will engage in AVID’s Digital Learning 4 A’s® to meaningfully integrate digital strategies and WICOR® instructional practices to differentiate instruction and increase student agency. Participants will explore strategies to build connected communities through relational capacity activities to foster safe and equitable learning spaces.

Fostering an Equitable and Engaging Culture in Digital Classrooms

FOUR 3-HOUR MODULES = 12 HOURS OF LEARNING

Module 1
Setting the Why

Establish relational capacity within a virtual setting in order to foster a safe and welcoming environment.

Module 2
Building safe online classroom communities

Build an inclusive culture in an online classroom to encourage and support academic and social risk-taking by both students and educators.

Module 3
Empowering student voice by honoring students' culture, background, and experiences

Implement culturally responsive strategies with digital tools in order to provide increased opportunities for equity of student voice in a virtual setting.

Module 4
Establishing and maintaining high expectations in a virtual setting

Reflect on current instructional practices and institutional systems in order to identify gaps and refine current practices, ensuring they are equitable and engaging.

Need to address social and emotional learning and inclusivity in your virtual classroom?

This AVID ElevateXP professional learning experience is designed to address and meet the current and unprecedented needs for K–12 and higher education educators, counselors, and site leaders to foster an equitable and engaging culture in a digital environment. Participants will explore current research and engage in critical conversations around the composition of a culturally responsive digital classroom. This collaborative experience will engage participants in strategies that will guide them in creating a safe online community, empowering student voice, and establishing and maintaining rigorous, high expectations in a virtual setting.

I love the embedded learning tools I can use this year!

Schedule Your Professional Learning Now

Site and District Leaders – Arrange flexible modules of engaging professional learning for your entire school or district!

You may be accustomed to convening your site leaders and educators for two days of professional learning. AVID ElevateXP offers four flexible half-day modules (or two full days if you prefer). Modules may be scheduled consecutively, days apart, or weeks apart.

Sessions are scheduled.
Add your team if space is available or choose new dates. Groups of 35 or more may schedule PL dates that suit their needs.

Group pricing
Available for groups of 35 or more.

“Ready to implement and utilize AVID best practices and digital tools to empower my students and prepare them for high school and beyond!”
