

# AVID Elementary

Teachers create the foundation for lifelong student success by instilling and reinforcing academic behaviors and higher-level thinking. Schools may implement across grade levels or the entire campus.

## EQUITY

Close the opportunity gap before it begins or widens with high expectations and scaffolded support to foster a college-going culture.

## TEACHER EFFECTIVENESS

Lifetime inspiration starts with building relational capacity. AVID provides strategies and activities to create deeper connections with each student.

## LEADERSHIP

Principals build a systemic approach to collaboratively focus with the school's site team to implement impactful change and to achieve strategic goals.

## STUDENT SUCCESS

Principals build a systemic approach to collaboratively focus with the school's Site Team to implement impactful change and to achieve strategic goals.

## EXPERIENCE AND IMPLEMENT AVID ELEMENTARY

- Through your campus team of 4 or more engaged in 3 days of AVID professional learning
- Using lesson plans, high engagement activities, and educator validated tools
- And receive a means to measure and refine your approach at the school and district level

“ I completely changed the way I teach and students are learning in a different way. It's just amazing the difference it's made in my teaching and students' learning. ”
