

CONNECT WITH ARCHITECTS, DEVELOPERS, BUILDING OWNERS, PROPERTY MANAGERS, AND SOLAR CONTRACTORS; RESERVE YOUR PLACE AT METALCON'S *SOLAR CENTER*

SPONSORED BY

An exclusive networking “show within a show” bringing together architects, building owners, and contractors with solar solution-providers.

READY TO MAKE 2021 YOUR BEST YEAR EVER?

Want one-on-one time with the decision-makers who drive buying decisions for your product or service? Tired of low-ROI marketing and sales investments that waste time and money with a “shotgun approach”?

YOU'RE READY FOR THE *SOLAR CENTER* AT METALCON 2021 IN TAMPA!

A dedicated exhibition pavilion where leading brands in solar components, performance monitoring systems, smart energy, energy storage and consulting services meet directly with solar contractors, metal construction and design professionals to present solutions that address the increased demand for solar from their clients.

WHERE: Tampa Convention Center, Tampa, FL

WHEN: October 6-8, 2021

ATTENDEES: METALCON, now in its 31st year, typically hosts 5,000+ attendees

METALCON

October 6-8, 2021 at the Tampa Convention Center

THE *SOLAR CENTER* AT METALCON FEATURING SOLAR SOLUTIONS

the perfect place to expand your pipeline of qualified prospects by demonstrating how your products or services can solve vexing problems, adapt to the latest design trends, meet efficiency and sustainability objectives.

LOCATION:

Your high-traffic location on the “Power Aisle” means you have can’t-miss visibility from every angle!

EXCLUSIVITY:

Don't delay! Limited to 25 vendors

MOTIVATED PROSPECTS:

Hundreds of architects, developers, building owners, property managers, solar contractors and others ready to be inspired and learn about breakthrough products and creative applications they can use to win new business of their own.

BENEFITS TO YOU:

- Automatic enrollment in *The Architect's Experience Floor Tour*, a guided tour designed to bring architects and designers directly to your booth.
- Access to hundreds of qualified architects, developers, building owners, property managers, solar contractors and others pre, during and post-event.
- Demonstrate the beauty, durability, efficiency, and sustainability of solar construction.
- Opportunity to submit education topics for live and virtual educational sessions for the METALCON community.

VENUE:

METALCON returns to the beautiful city of Tampa, a popular destination for exhibitors and attendees alike. The Tampa Convention Center, located in the heart of downtown Tampa, is an easy 15-minute drive from the airport and is situated along The Tampa Riverwalk. The city boasts an endless array of theme parks, restaurants, arts and culture and is well established as one of the top craft beer scenes in the country! [Check out things to do in Tampa](#)
