

Independent Life

safe. secure. settled.

Thank you for contacting us.

Our company, Independent Life, launched in 2018 as a life insurer dedicated to structured settlements and serving personal injury victims and their families. While our name is similar, we are not the company that issued your life insurance policy.

Policies issued by that company are serviced by American General Life Insurance Company. They can be reached at 800-888-2452.

We hope this resolves your question - thank you and have a great day.
