### Guidance on Storage and Handling

- Store in a place out of direct sunlight that is not exposed to fluorescent light for long periods, and keep away from high temperatures.
- After opening, refrigerate and drink as soon as possible.
- The bottle is fragile. Avoid subjecting the container to impact, heating or freezing.
- Do not shake the bottle before opening, as this will cause the contents to spray out.
- Take care to avoid injury from the edges or protruding surfaces of the cap.
- The liquid color may change, but this does not affect the quality.
