## Product Description

### ザーネメディカルスプレー

Brand name : ザーネメディカルスプレー

For xeroderma care

SAHNE Medical Spray is a skin moisturizer containing the active ingredient heparinoid 0.3%. Moisturizes and restores dry troubled skin. A spray-type lotion, which spreads to wide areas by one push, and can be sprayed upside down.

#### Point

- Evenly spreads to wide areas by one push! It can be sprayed upside down, allowing to easily apply the lotion on the back, side, and back of thighs! A fine mist-like lotion. It can also be applied on the face.
- For the face, please spray an appropriate amount on the hand and then apply it to the face.
- This product should not be used on the eyes and periorbital area, mucosa (for example, oral cavity, nasal cavity, vagina, etc.)
- Fragrance free, uncolored, ethanol free.
- Contains no steroids as ingredients.

#### Indications

Relief of the following symptoms:

scroll ↓

Finger roughness, xeroderma, elbow/knee/heel/ankle keratosis, dry skin in children, frostbite (except for skin erosion), cracks/chapped skin of hands and feet, lumpy/tight sensation of the skin after wound/burn (except for the face), swelling/muscular pain/joint pain after bruise/sprain

## Dosage and Administration

Spray an appropriate amount to the affected lesion once to several times a day. For the face, spray an appropriate amount on the hand and then apply it to the face.

1. Follow the specified dosage and administration.
2. When allowing children to use the medicine, a guardian must be present to watch and tell them how to use it.
3. Attention should be paid so that the medicine will not come into contact with the eyes. In case the medicine comes into contact with eyes, immediately rinse them with water or lukewarm water. If the symptoms are severe, seek an ophthalmologist for medical treatment.
4. This medication is only for external use. Do not use it internally.
5. When using the medicine on the neck or scalp, be careful not to inhale the medicine.

## Ingredients

Ingredients (per 100 g of the product)

Heparinoid: 0.3 g
