

Preceptor Strategies: How to Prepare Today's Nurse for Tomorrow's Challenges

Live Webinar

Thursday, May 12, 2022
8:00 am - 12:30 pm
Join as early as 7:45 am

DESCRIPTION

This live webinar prepares nurse preceptors to work with clinical nursing students, including RN Refresher students. Topics will include the preceptor role, critical thinking, and strategies to improve clinical performance. Additionally, participants will learn strategies on communication, how to manage challenging performance behaviors, and outcome evaluation. The legal implications of being a nurse preceptor will also be discussed.

TARGET AUDIENCE

Nurses who precept clinical nursing students including RN Refresher students.

QUESTIONS

Email Kathryn Fitzpatrick at kathryn.fitzpatrick@atriumhealth.org

LEARNING OUTCOME

Participants will increase their knowledge of evidence-based practices to enhance critical thinking and clinical judgement of nursing and RN Refresher students.

TESTIMONIALS

“Very engaging instructor. Kept your attention without any problem. Would love to take a class from her again.”

“Fantastic presentation! I've attended many preceptor in services, classes, programs etc. and this was the best. Theory but with realistic practical insights that are beneficial. I wish I had this conference earlier in my career. I cannot say enough good things. Excellent!”

SPEAKER

Pam A. Collins, MSN, CMSRN, NPD-BC

Pam is an educator at heart! She has 40 years of varied nursing experiences which include nurse educator in the hospital and academic settings, leadership/administrative roles and consultant for Education and Professional Development. Her clinical expertise is primarily medical-surgical nursing and she is a published author of textbooks and journal publications. Pam also has an extensive background in the legal and ethical aspects of nursing practice. She presents locally and nationally on leadership and legal/ethical topics in healthcare.
