

## Refer a friend: Terms and Conditions

---

### 1. The Offer for the referrer (students and alumni)

Enrolled students that successfully refer a friend to a course will receive the following discount on their final course fee, OR (if full fees have already been paid) a voucher. This benefit is confirmed once their friend has begun study on their second module.

Alumni of the online courses may also refer friends and will receive the benefit in form of a voucher.

Course	Total discount taken from final course fee if paying in instalments	Voucher value if tuition fees have been paid in full OR if referrer is alumni
Masters	£500	£500

The [refer a friend form](#) must be completed and the unique referral code used when filling this out to begin the process.

### 2. The offer for the referred students

In both cases, the referred student will receive their discount either from the full price if paying in full, or from the final course fee if paying in instalments.

Course	Discount taken from final course fee if paying in instalments	Discount taken from full price if paying in one payment
Masters	£500	£500

The refer a friend form must be completed to begin the process.

### 3. Limits to offer

No bursary or discount, either individually or collectively, may amount to more than 25% of the total tuition fees due for a course.

The gift voucher will be for a company of your choice where payment and delivery within the referrer's country of residence are possible.

For circumstances where the referrer and the referee have different qualification types (e.g. a Masters and a Postgraduate Diploma), the discount amount will be equivalent to the lower amount

CEG Digital\* reserves the right to change or withdraw this offer at any point and without prior notification.
