

CAREer Path Initiative

Brought to you by  CareAcademy™

CareAcademy's Initial Training - SNHU Credit Equivalents

This first-of-its-kind higher-education partnership opens new doors for direct care workers to advance their career development by offering new educational pathways based on experience and learning enabled via CareAcademy's platform.

Home care agencies (like yours!) who join the CAREer Path Initiative are now able to offer direct care worker training that is eligible for college credits at Southern New Hampshire University, *SNHU*, to further drive agency recruitment opportunities and career development in home care.

Listed below are the required classes that need to be completed to earn one elective credit at SNHU.

Class List
