

CareAcademy™

Specialized Certifications

CareAcademy's Specialized Certifications are competency-based training programs used to build functional skills in specific areas of elderly care. These CareAcademy-recommended certifications create opportunities for direct care workers to improve their proficiency and ability to provide expert-level, quality care.

Specialized Certifications for Agencies

- Meet demands for client-specific needs
- Improve the quality of care with increased training
- Support direct care worker career growth and upskilling opportunities

Basic Certifications

Available in Professional & Business Packages

COVID-19 Care Certification [3.67 hours]

Learn how to provide safe client care during the coronavirus pandemic. Become familiar with COVID protocols and PPE that they may not routinely wear, and refresh on critical infection control practices.
