

ORACLE
NETSUITE

Features

3PL ORDER SYNC

Orders are exported out of NetSuite and imported into Mainfreight. The sync runs every 20 minutes and includes customer records, items, prices, taxes, discounts, etc.

3PL FULFILLMENT SYNC

Once items are fulfilled in Mainfreight, the fulfillment data is exported out of Mainfreight and sent to NetSuite. The sync runs every 90 minutes and includes carriers, shipping methods, tracking numbers, etc.
