

# Interested in becoming Change Management Certified?

## Overview

This course provides an approach that assists organisations to manage change and its impact, so they are able to achieve their goals and objectives. This course explores the theories of change and how it specifically impacts the individual, the team, the organisation and the leaders of change.

## Course Outcomes

This fully accredited change management course is suitable for organisations dealing with change initiatives of all sizes and levels of complexity.

### This course will:

- Explain the theories and principles behind change management
- Introduce resistance strategies that help prepare for change
- Understand how individuals, teams and organisations respond to change
- Enable the participant to develop a framework for planning and dealing with the implementation of change initiatives
- Understand what is required when planning and implementing change
- Provide you with a Change Management accreditation

## Related courses

- PM Fundamentals
- Resistance Management (in-house only)
