

## Oxbox™ Cartons

OXBOX... leads the way. Discover the strength of the OX! Our new OXBOX board range now defies the once leading double walled box market. It offers aggressive strength but gentle impact on the environment. The super strength, single wall board offers equal strength to that of conventional double wall corrugated board.

### Stronger

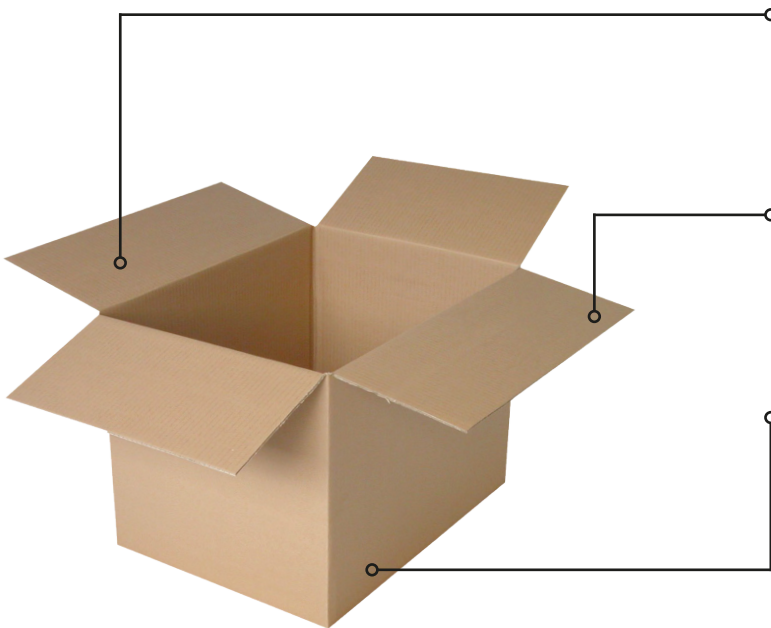

Specially formulated material design combines superior strength and durability compared to standard double wall boxes.

### Lighter

Materials used are 7% lighter, meaning lower shipping costs for both goods in and out of your operation, as well as offering 40% savings in storage and handling requirements.

### Smarter

Now the UK's most environmentally friendly box range. Our manufacturing process results in a 30% saving in CO2 emissions, combined with increased pallet quantities resulting in significantly reducing your carbon footprint whilst improving performance.
