KENNZEICHNUNG	
Nicht austauschbare Lichtquelle	Austauschbares Betriebsgerät durch qualifizierte Person
An icon showing a sun-like LED symbol with a crossed-out double-headed arrow pointing to a square LED symbol, indicating that the light source is not replaceable.	An icon showing a power supply unit with a double-headed arrow pointing to another power supply unit labeled "LED" with a "230V" label. Above the arrow is a circular icon containing a person with a wrench and a screwdriver, indicating that the power supply is replaceable by a qualified person.
